## About the Scheme

Lerwick will be a host port for the 2011 Tall Ships' Races. This will enable Shetland to demonstrate

the strong sailing culture that exists within the youth of our community. Host Ports are now

expected to find and fund a large number of sail trainees from their local communities, it is hoped to create an annual sail training scheme from 2009 onwards. This aims to provide further opportunities for young people from Shetland to enjoy the sail training experience in the build up to the major event in 2011.
